SIZE REQUIREMENT: One shed or one other utility structure for the storage of domestic tools, recreational equipment or other supplies which shall not exceed ten feet in height nor exceed 200 square feet in area with no single wall dimension exceeding sixteen feet in length. (Chapter 1280 in the codified ordinances of Wolverine Lake)

When an accessory building is closer than ten feet to a principal building, additional fire separation construction requirements will be necessary as set forth in the Building and Housing Code.

SET BACKS / LOCATION: Distance from each side property line—minimum 5 feet,
rear property line— minimum 5 feet.

Accessory buildings shall not be located in any required or non-required front yard (i.e., not permitted between the house and the street).

Accessory buildings shall not be located in any required or non-required Lakefront yard (i.e., not permitted between the house and the waters edge).

SITE PLAN REQUIRED: (2 copies) Show in a scaled drawing the entire lot, the location of all buildings, septic field, septic tank, well and the location of the proposed shed. Indicate the distance of the shed from property lines, buildings and septic system. Indicate the shed dimensions; height, width and length.
